INDEPENDENT AUDITOR'S REPORT

October 24, 2019

Board of Directors
Bay City Academy
Bay City, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, its major fund and the aggregate remaining fund information of Bay City Academy (Academy), as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Academy's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors
Bay City Academy
October 24, 2019

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, its major fund and the aggregate remaining fund information of Bay City Academy as of June 30, 2019 and the respective changes in financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

Going Concern

The accompanying financial statements have been prepared assuming that the Academy will continue as a going concern. As discussed in Note 17 to the financial statements, the Academy has incurred a significant operating deficit in 2015 resulting in a cash flow shortage. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding these matters also are described in Note 17. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and budgetary comparison information as noted in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Academy's basic financial statements. The nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Board of Directors
Bay City Academy
October 24, 2019

The nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2019, on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

Weinlander Fitzhugh

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

Our discussion and analysis of Bay City Academy's (Academy) financial performance provides an overview of the Academy's financial activities for the fiscal year ended June 30, 2019.

Financial Highlights

The Academy's net position increased by \$253,680. Program revenues were \$717,203 or 20% of total revenues, and general revenues were \$2,798,204 or 80%.

The General Fund reported a negative fund balance of \$(986,750). The Food Service Fund reported a positive fund balance of \$61,852.

Using this Annual Financial Report

This annual financial report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Academy financially as a whole. The *Academy-wide Financial Statements* provide information about the activities of the whole Academy, presenting both an aggregate view of the Academy's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the Academy's operations in more detail than the Academy-wide financial statements by providing information about the Academy's most significant funds - the General Fund with all other funds presented in one column as nonmajor funds. The remaining statement, the statement of fiduciary net position, presents financial information about activities for which the Academy acts solely as an agent for the benefit of students. The following summarizes the presentation included in this annual financial report.

Management's Discussion and Analysis (MD&A) (Required Supplemental Information)

Basic Financial Statements

Budgetary Information for the General Fund (Required Supplemental Information)

Other Supplemental Information

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

Reporting the Academy as a Whole

The Statement of Net Position and Statement of Activities

One of the most important questions asked about the Academy's finances is: "Is the Academy better or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Academy as a whole and about its activities in a manner that helps to answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by private sector companies. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

These two statements report the Academy's net position as a way to measure the Academy's financial position. The change in net position provides the reader a tool to assist in determining whether the Academy's financial health is improving or deteriorating. The reader will need to consider other nonfinancial factors such as student enrollment growth and facility conditions in arriving at their conclusion regarding the overall health of the Academy.

Reporting the Academy's Most Significant Funds

Fund Financial Statements

The Academy's fund financial statements provide detailed information about the most significant funds - not the Academy as a whole. Some funds are required to be established by State law. Other funds are established to help it control and manage money for particular purposes or to meet legal responsibilities for using grants and other sources of revenue. The Academy's two types of funds, governmental and fiduciary, use different accounting approaches as further described in the notes to the financial statements.

Governmental Funds

Most of the Academy's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Academy's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources available to spend in the near future to finance the Academy's programs.

Fiduciary Funds

The Academy is the trustee, or fiduciary, for its student activity funds and scholarship funds. All of the Academy's fiduciary activities are reported in separate Statement of Fiduciary Net Position. We exclude these activities from the Academy's other financial statements because the assets cannot be utilized by the Academy to finance its operations.

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

Academy-wide Financial Analysis

The statement of net position provides the perspective of the Academy as a whole. Exhibit A provides a summary of the Academy's net position as of June 30, 2019 and 2018:

Exhibit A	Governmental Activities	
	2019	2018
Assets		
Current and other assets	\$ 1,039,155	\$ 869,886
Capital assets - net of accumulated depreciation	110,776	109,708
Total assets	1,149,931	979,594
Liabilities		
Current liabilities	2,000,373	2,033,474
Long-term liabilities	0	50,242
Total liabilities	2,000,373	2,083,716
Net Position		
Net investment in capital assets	56,308	27,256
Restricted	61,852	37,167
Unrestricted	(968,602)	(1,168,545)
Total net position	\$ (850,442)	\$ (1,104,122)

The analysis above focuses on net position (see Exhibit A). The Academy's net position of governmental activities was \$(850,442) at June 30, 2019. Restricted net position is reported separately to show legal constraints from legislation that limit the Academy's ability to use that net position for day-to-day operations.

The \$(968,602) in unrestricted net position of governmental activities represents the *accumulated* results of all past years' operations. The operating results of the General Fund will have a significant impact on the change in unrestricted net position from year to year.

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

The results of this year's operations for the Academy as a whole are reported in the statement of activities. Exhibit B provides a summary of the changes in net position for the years ended June 30, 2019 and 2018.

Exhibit B	<u>Governmental Activities</u>	
	<u>2019</u>	<u>2018</u>
Revenues		
Program revenue:		
Charges for services	\$ 42	\$ 1,112
Grants and categoricals	717,161	655,707
General revenue:		
State aid	2,798,185	2,424,771
Other	19	15
Total revenues	<u>3,515,407</u>	<u>3,081,605</u>
Function/Program Expenses		
Instruction	1,571,495	1,885,057
Support services	1,458,896	964,552
Food service	206,425	110,413
Interest	2,494	3,845
Depreciation (Unallocated)	22,417	21,042
Total expenses	<u>3,261,727</u>	<u>2,984,909</u>
Change in Net Position	<u>\$ 253,680</u>	<u>\$ 96,696</u>

As reported in the statement of activities, the cost of all of our *governmental* activities this year was \$3,261,727. Certain activities were partially funded by the other governments and organizations that subsidized certain programs with grants and categoricals of \$717,161. We paid for the remaining "public benefit" portion of our governmental activities with, \$2,798,185 in state aid and with our other revenues, such as interest and entitlements.

The Academy's governmental activities had an increase in net position of \$253,680.

The Academy's Funds

The Academy uses funds to help it control and manage money for particular purposes. Looking at funds helps the reader consider whether the Academy is being accountable for the resources taxpayers and others provide to it and may provide more insight into the Academy's overall financial health.

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

The Academy's governmental funds reported a combined fund balance of \$(924,898), which is above last year's total of \$(1,127,891). The schedule below indicates the fund balance and the total change in fund balances as of June 30, 2019 and 2018.

	Fund Balance 6/30/2019	Fund Balance 6/30/2018	Increase (Decrease)
General	\$ (986,750)	\$ (1,165,058)	\$ 178,308
Special Revenue	61,852	37,167	24,685
	\$ (924,898)	\$ (1,127,891)	\$ 202,993

- Our General Fund increase is mainly attributable to economies of scale due to higher student counts and steadying expenditures.
- Our Special Revenue Fund had an increase due to an increase in grant revenue.

General Fund Budgetary Highlights

Over the course of the year, the Academy revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Academy's original and final budget amounts compared with amounts actually paid and received is provided in required supplemental information of these financial statements. Changes to the General Fund original budget were as follows:

- Budgeted revenues increased over original budget by \$326,101 because of the increase in pupil count which caused the State Aid to increase.
- Budgeted expenditures increased over original budget by \$214,810 because of increased enrollment.
- Actual revenues were less than the final budgeted revenues by \$41,465 due to final federal request being made after September 1, 2019 and couldn't be included in revenue in 2018/2019 school year.
- Actual expenditures exceeded final budgeted expenditures by \$5,316, which is comparable.

Capital Assets

At June 30, 2019, the Academy had \$110,776 invested in five school buses.

	Governmental Activities	
	2019	2018
Buses	\$ 191,819	\$ 168,334
Less accumulated depreciation	81,043	58,626
Net capital assets	\$ 110,776	\$ 109,708

The Academy purchased two school buses as of June 30, 2019.

BAY CITY ACADEMY
Management's Discussion & Analysis
For the Year Ended June 30, 2019

Factors Expected to have an Effect on Future Operations

Our elected Board and Administration consider many factors when setting the Academy's 2020 fiscal year budget. One of the most important factors affecting the budget is our student count. The state foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The 2020 fiscal year budget was adopted in June 2019, based on an estimate of students that will be enrolled in September 2019. As a result, Academy funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2019-2020 school year, we anticipate that the fall student count will be close to the estimates used in creating the 2020 fiscal year budget. Once the final student count and related per pupil funding is validated, state law requires the Academy to amend the budget if actual district resources are not sufficient to fund original appropriations.

The Academy has added 11th grade at the Bay City campus for the 2018-2019 year. The Academy will continue to add a grade for the next year. Making the current 11th graders the first class to graduate high school from Bay City Academy. The availability of additional grades should allow the Academy to grow and serve its current students needs.

Since the Academy's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to school districts. The State periodically holds a revenue-estimating conference to estimate revenues. Based on the results of the most recent conference, the State estimates funds are sufficient to fund the appropriation until 2019-2020.

Requests for Information

This financial report is designed to provide a general overview of the Academy's finances for all those with an interest in the Academy. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Bay City Academy (Academy) conform to U.S. generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the Academy:

Reporting Entity

The Academy is governed by an appointed Board of Directors and is authorized by Lake Superior State University. The accompanying financial statements have been prepared in accordance with criteria established by the Governmental Accounting Standards Board for determining the various governmental organizations to be included in the reporting entity. These criteria include significant operational financial relationships that determine which of the governmental organizations are a part of the Academy's reporting entity, and which organizations are legally separate component units of the Academy. The Academy has no component units.

Academy-wide and Fund Financial Statements

The Academy-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All of the Academy's government-wide activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes; (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items are not properly included among program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Academy-wide Statements - The Academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants, categorical aid and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the Academy-wide financial statements.

Amounts reported as program revenue include; (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all taxes and unrestricted state aid.

Fund-based Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenue to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Unrestricted state aid, intergovernmental grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government.

The Academy reports the following major governmental fund:

General Fund - The General Fund is used to record the general operations of the Academy pertaining to education and those operations not provided for in other funds. Included are all transactions related to the approved current operating budget.

Assets, Liabilities, and Net Assets or Equity

Cash and Investments - Cash and cash equivalents include cash on hand, demand deposits and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables - In general, outstanding balances between funds are reported as "due to/from other funds." Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from other funds."

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Prepaid Items - Certain payments to vendors reflect costs applicable to future fiscal years and is recorded as prepaid items in both academy-wide and fund financial statements.

Capital Assets - Capital assets, which include vehicles, are reported in the applicable governmental activities column in the Academy-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and any asset susceptible to theft. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Costs of normal repair and maintenance that do not add to the value or materially extend asset lives are not capitalized. The Academy does not have infrastructure-type assets.

Vehicles are depreciated using the straight-line method over the following useful lives:

Buses	8 years
-------	---------

Long-term Obligations - In the Academy-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

Fund Equity - The fund balance classifications are reported on the extent to which a government is bound to observe constraints imposed on the use of the resources in governmental funds. The fund balances are classified as nonspendable, restricted, committed, assigned and unassigned.

Nonspendable fund balance represents amounts that are not in a spendable form. The Academy's nonspendable fund balance represents prepaid expenditures. In the fund financial statements, governmental funds report restrictions on fund balances for amounts that are legally restricted by outside parties for a specific purpose. Committed fund balance represents funds formally set aside by the Academy for a particular purpose. The use of committed funds would be approved by the Board of Directors through the budget process or official Board action.

Assigned fund balance would represent tentative management plans that are subject to change which at the present time the Academy does not have any assigned fund balance. The Academy's intent would be to spend uncommitted/unassigned funds prior to the use of committed funds. When both restricted and unrestricted resources are available for use, it is the Academy's policy to use restricted resources first, then unrestricted resources as they are needed.

Deferred Outflows and Inflows of Resources

Deferred outflows - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Academy has no items that qualify under this category.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflows - In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Academy has one item that qualifies for reporting in this category. The item arises only under a modified accrual basis of accounting. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from receipts that are received after 60 days of year end. These amounts are deferred and recognized as inflow of resources in the period that the amounts become available.

Use of Estimates - The process of preparing the basic financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenditures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

State Aid - For the fiscal year ended June 30, 2019, the State of Michigan adopted a foundation grant approach which provides for a specific annual amount of revenue per student based on a state-wide formula. The foundation is funded from state and local sources. Revenues from state sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of state funds to school districts based on information supplied by the districts. For the year ended June 30, 2019, the foundation allowance was based on the average pupil membership counts taken in February of 2018 and September of 2018.

The state portion of the foundation is provided primarily by a state education property tax millage of 6 mills and an allocated portion of state sales and other taxes. The local portion of the foundation is funded primarily by non-homestead property taxes which may be levied at a rate of up to 18 mills. The state revenue is recognized during the foundation period (currently the fiscal year) and is funded through payments from October 2018 - August 2019. The local revenue is recognized as outlined in Note 1. Amounts receivable from the State of Michigan at June 30, 2019 relating to state aid is \$557,600.

The Academy also receives revenue from the state to administer certain categorical education programs. State rules require that revenue earmarked for these programs be used for its specific purpose. Certain categorical funds require an accounting to the state of the expenditures incurred. For categorical funds meeting this requirement, funds received, which are not expended by the close of the fiscal year are recorded as deferred revenue. Other categorical funding is recognized when the appropriation is received.

Events Occuring After Reporting Date - Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying Independent Auditor's Report, which is the date the financial statements were available to be issued.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 2 - BUDGETS

The State of Michigan adopted a Uniform Budgeting and Accounting Act (Act) applicable to all local governmental entities in the state. The law requires appropriation acts to be adopted for General and Special Revenue Funds of school districts and public school academies prior to the expenditure of monies in a fiscal year.

Bay City Academy follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Academy's Superintendent submits to the Board of Directors a proposed budget prior to July 1 of each year. The budget includes proposed expenditures and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Budgeted amounts are as originally adopted, or as amended by the Board of Directors throughout the year. Budgets are adopted to the functional level.
4. Appropriations lapse at year-end and therefore cancels all encumbrances. These appropriations are re-established at the beginning of the following year.

A comparison of actual results of operations to the budgeted amounts (at the level of control adopted by the Board of Directors) for the General Fund is presented as Required Supplemental Information.

Expenditures shall not be made or incurred, unless authorized in the budget, in excess of the amount appropriated. Violations, if any, in the General Fund are noted in the required supplementary information section.

NOTE 3 - CASH AND INVESTMENTS

Some statutes and the Academy's investment policy authorize the Academy to make deposits in the accounts of federally insured banks, credit unions and savings and loan associations that have an office in Michigan; the Academy is allowed to invest in U.S. Treasury or Agency obligations, U.S. government repurchase agreements, bankers' acceptances, commercial paper rated prime at the time of purchase that matures not more than 270 days after the date of purchase, mutual funds and investment pools that are composed of authorized investment vehicles. The Academy's deposits are in accordance with statutory authority.

At year-end, the Academy's deposits and investments were reported in the basic financial statements in the following categories:

	Governmental Activities	Fiduciary Funds	Total Primary Government
Cash and Investments	\$ 195,561	\$ 29,085	\$ 224,646

The breakdown between deposits and investments for the Academy is as follows:

Deposits (checking and savings accounts, certificates of deposit)	\$ 224,646
---	------------

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk

In accordance with its investment policy, the Academy will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations.

Credit Risk

State law limits investments in commercial paper and corporate bonds to a prime or better rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2019, the Academy's investment in the investment pool was rated AAA by Standard & Poor's.

Custodial Credit Risk - Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the Academy's deposits may not be returned to it. As of June 30, 2019, \$49,209 of the Academy's bank balance of \$307,821 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Fair Value Measurement

The Academy is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include prices for similar securities, interest rates, prepayment speeds, credit risk and others.

Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant, unobservable inputs may be used. Unobservable inputs reflect the Academy's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Academy does not have any investments subject to the fair value measurement.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 4 - CAPITAL ASSETS

A summary of changes in governmental capital assets follows:

	<u>Balance</u> <u>June 30, 2018</u>	<u>Additions</u>	<u>Disposals and</u> <u>Adjustments</u>	<u>Balance</u> <u>June 30, 2019</u>
Capital assets being depreciated:				
Buses	\$ 168,334	\$ 23,485	\$ 0	\$ 191,819
Accumulated depreciation:				
Buses	58,626	22,417	0	81,043
Net capital assets being depreciated	<u>109,708</u>	<u>1,068</u>	<u>0</u>	<u>110,776</u>
Net capital assets	<u>\$ 109,708</u>	<u>\$ 1,068</u>	<u>\$ 0</u>	<u>\$ 110,776</u>

Depreciation expense for fiscal year ended June 30, 2019 was \$22,417. The Academy determined that it was impractical to allocate depreciation to the various governmental activities as the assets serve multiple functions.

NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

A summary of inter-fund transfers made during the year ended June 30, 2019 is as follows:

		<u>Payables</u>		
		<u>General</u>	<u>Agency</u>	<u>Total</u>
Receivables	General	\$ 0	\$ 286	\$ 286
	Food Service	<u>16,802</u>	<u>0</u>	<u>16,802</u>
		<u>\$ 16,802</u>	<u>\$ 286</u>	<u>\$ 17,088</u>

These interfund receivable and payable balances resulted from the time lag between the dates that: (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. There were no interfund transfers in the current year.

NOTE 6 - RECEIVABLES

Receivables at June 30, 2019 consist of state aid and grants.

A summary of the intergovernmental receivables (due from other governmental units) follows:

State aid and grants	\$ 557,600
Federal Grants	78,826
	<u>\$ 636,426</u>

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 7 - UNEARNED REVENUE

Governmental funds report unearned revenue in connection with receivables for revenue that are not considered to be available to liquidate liabilities of the current period. Governmental funds also reflect unearned revenue in connection with resources that have been received but not yet earned. At the end of the current fiscal year, grant and categorical aid payments received prior to meeting all eligibility requirements amounted to \$13,633.

NOTE 8 - SHORT-TERM DEBT ACTIVITY

The Academy issues state aid anticipation notes in advance of State of Michigan state aid payments, depositing the proceeds in its General Fund. These notes are necessary because the Academy's cash flow obligation to operating expenses precede the collection of state aid.

	Beginning Balance	Issued	Redeemed	Ending Balance
Wildfire Credit Union, due in March 2015; interest payable at 3.00%. Extended through August 2019.	\$ 504,772	\$ 0	\$ 19,903	\$ 484,869
First National Bank of Michigan due August 2019; interest payable at 3.00%.	1,312,111	0	59,256	1,252,855
	\$ 1,816,883	\$ 0	\$ 79,159	\$ 1,737,724

The Academy has successfully renegotiated the terms of their short-term debt with Wildfire Credit Union and First National Bank of Michigan. The loans will mature in October 2020.

NOTE 9 - LONG-TERM OBLIGATIONS

The following is a summary of governmental long-term obligations for the Academy for the year ended June 30, 2019:

	Balance June 30, 2018	Additions	Retirements and Payments	Balance June 30, 2019	Amount Due Within One Year
Notes from direct borrowings and direct placements	\$ 82,452	\$ 4,226	\$ 32,210	\$ 54,468	\$ 54,468

Long-term obligations at June 30, 2019 is comprised of the following issues:

Notes from direct borrowings and direct placements:

The Academy entered into a lease agreement for two Blue bird buses in the amount of \$161,534. Final payment is due September 2019. \$ 54,468

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 9 - LONG-TERM OBLIGATIONS (CONTINUED)

The annual debt service requirements on long-term debt as of June 30, 2019, including interest payments are as follows:

<u>Year Ended June 30</u> 2020	<u>Notes from Direct Borrowings and Direct Placements</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
	\$ 54,468	\$ 968	\$ 55,436

NOTE 10 - RISK MANAGEMENT

The Academy is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Academy has purchased commercial insurance for all claims. Settled claims relating to the commercial insurance did not exceed the amount of insurance coverage in any of the past three fiscal years.

NOTE 11 - RETIREMENT PLAN

All leased employees of the Academy are eligible to participate in a defined contribution retirement plan established by the management company which qualifies under the provision of Section 401(k). Eligible employees may contribute up to 15% of their salaries under the terms of this plan up to prescribed limits. The Academy's contributions to the plan through purchase services for the year ended June 30, 2019 was \$35,821.

NOTE 12 - GRANTS

The Academy receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by the Academy's independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund. Based on prior experience, the Academy management believes such disallowance, if any, would be immaterial.

NOTE 13 - ECONOMIC DEPENDENCY

The Academy received approximately 93% of their General Fund revenue from the Michigan Department of Education. Due to the significance of this revenue source to the Academy, the Academy is considered to be economically dependent.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 14 - LEASE

The Academy conducts a significant portion of its operations with leased facilities. The lease expense for year ended June 30, 2019 was \$96,000. Minimum future lease payments under noncancelable leases after June 30, 2019 are as follows:

2020	\$ 108,000
2021	120,000
2022	144,000
2023	144,000
Total	<u>\$ 516,000</u>

NOTE 15 - CONTRACTUAL COMMITMENTS

The Academy has entered into an agreement with Lake Superior State University's (Lake Superior) Board of Trustees, a public academy authorizing body. Lake Superior exercises oversight functions as authorized by the college board. The amount paid to Lake Superior for oversight functions during the year ended June 30, 2019 was \$92,563.

The Academy entered into a contract with Mitten Educational Management, LLC. Mitten Educational Management LLC provides a variety of services including financial management, leased employees, education programs and consulting as well as teacher training. Management fees paid during the year ended June 30, 2019 was \$294,669.

NOTE 16 - UPCOMING ACCOUNTING PRONOUNCEMENT

Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, was issued by GASB in January 2017 and will be effective for the Academy's 2020 year end. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities for all state and local governments. The focus on the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Academics with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position.

Governmental Accounting Standards Board (GASB) Statement No. 87, Leases, was issued by the GASB in June 2017 and will be effective for the Academy's 2021 year end. The objective of this Statement is to increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use the underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

BAY CITY ACADEMY
Notes to Financial Statements
For the Year Ended June 30, 2019

NOTE 17 - GOING CONCERN

As of June 30, 2019, the Academy's General Fund liabilities exceeded its assets by \$986,751. A plan of action was filed with the State of Michigan. The management team has eliminated several jobs and many other expenditures. The eliminated jobs are being taken over by the management company or will be distributed to other administrative employees. With regard to cutting expenditures, the management company is currently looking to renegotiate the Academy's debt. Expenditures of the Academy are being aggressively bid out in a more formal process.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

October 24, 2019

Board of Directors
Bay City Academy
Bay City, Michigan

We have audited, in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Bay City Academy (Academy), as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise Bay City Academy's basic financial statements and have issued our report thereon dated October 24, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bay City Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Bay City Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Bay City Academy's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and responses we identified certain deficiency in internal control that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses to be a material weakness: 2019-002.

Board of Directors
Bay City Academy
October 24, 2019

A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency in the accompanying schedule of findings and responses to be a significant deficiency: 2019-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bay City Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2019-003 and 2019-004.

Response to Findings

Bay City Academy's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Bay City Academy's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Weinlander Fitzhugh

BAY CITY ACADEMY
Schedule of Findings and Responses
For the Year Ended June 30, 2019

2019-001 (Repeat Finding 2018-001)

Criteria or Specific Requirement

The preparation of financial statements is the responsibility of the Academy management and requires internal controls over both; (1) recording, processing and summarizing financial data (i.e., maintaining internal books and records) and (2) reporting this financial data in the form of financial statements, including all related footnote disclosures (i.e., external financial reporting).

Condition

As is the case with many small schools, the Academy is relying on their independent external auditors to assist with preparation of the financial statements and related note disclosures as part of its external financial reporting process.

Cause/Effect

This condition was caused by the Academy's decision that it is more cost effective to outsource the preparation of its annual financial statements to auditors than to incur the time and expense to obtain the necessary training and expertise required by the Academy to perform this task internally. The Academy's ability to adjust its books and records and prepare financial statements is based, in part, on its reliance on its external auditors who cannot, by definition, be considered a part of the Academy's internal control.

Recommendation

We recommend the Board review this decision annually and evaluate the cost effectiveness of outsourcing the preparation process to determine if this function can be implemented internally.

Views of the Responsible Officials and Planned Corrective Action

We have determined the cost of completing GAAP basis financial statements internally outweighs the benefit to be received. Refer to our corrective action plan for additional information.

BAY CITY ACADEMY
Schedule of Findings and Responses
For the Year Ended June 30, 2019

2019-002 (Repeat Finding 2018-002)

Criteria or Specific Requirement

The State of Michigan requires Michigan School Districts to maintain appropriate controls over expenditures so that disbursements do not exceed budgeted amounts.

Condition

The Academy incurred unfavorable variances in a number of its General Fund expenditure accounts. These variances resulted in a violation of the Uniform Accounting and Budgeting Act, Michigan Public Act of 1978 (Act).

Cause/Effect

The Academy did not appropriately monitor actual expenditures and budget amounts so that disbursements were within the approved budget.

Recommendation

We recommend the Academy should implement measures to monitor its financial activity and amend its budgets when necessary, in accordance with requirements of the Act.

Views of the Responsible Officials and Planned Corrective Action

The management team will monitor the budget and make sure that actual expenditures do not exceed the budgeted expenditures. Refer to our corrective action plan for additional information.

BAY CITY ACADEMY
Schedule of Findings and Responses
For the Year Ended June 30, 2019

2019-003 (Repeat Finding 2018-003)

Criteria or Specific Requirement

The Uniform Accounting and Budgeting Act, Michigan Public Act of 1978, does not allow a local unit of government to have a deficit fund balance.

Condition

As of June 30, 2019, the General Fund has an unassigned deficit fund balance.

Cause/Effect

Lack of adequate budgetary controls in 2015 contributed to the significant accumulated deficit at June 30, 2019. The Academy is not in compliance with the Michigan Uniform Accounting and Budgeting Act for its General Fund.

Recommendation

We recommend that management and the Board of Directors review the 2019-2020 fiscal year budget and continue to work with the State of Michigan to develop a plan to eliminate the unassigned deficit in the General Fund.

Views of the Responsible Officials and Planned Corrective Action

A plan of action filed with the State of Michigan. The management team has eliminated several jobs and many other expenses. The eliminated jobs are being taken over by the new management company or distributed to other administrative employees. With regard to cutting expenditures, the new management company has renegotiated the Academy's debt. Expenditures of the Academy are being aggressively bid out in a more formal process. Refer to our corrective action plan for additional information.

BAY CITY ACADEMY
Schedule of Findings and Responses
For the Year Ended June 30, 2019

2019-004 (Repeat Finding 2018-004)

Criteria or Specific Requirement

The Uniform Accounting and Budgeting Act, Michigan Public Act 621 of 1978, does not allow a local unit of government to adopt a budget projecting an overall deficit in its fund balance at year end.

Condition

The final approved budget adopted for the General Fund for the 2018-2019 reflected a deficit fund balance at year end.

Cause/Effect

Lack of adequate budgetary controls in 2015 contributed to the significant accumulated deficit at June 30, 2019. The Academy is not in compliance with the Michigan Uniform Accounting and Budgeting Act for its General Fund.

Recommendation

We recommend that management and the Board of Directors review the General Fund budget for 2019-2020 and modify expected revenues and expenditures to work toward a balanced budget.

Views of the Responsible Officials and Planned Corrective Action

The management team and the Board of Directors will be working to closely monitor the Academy's budget as it pertains to the actual expenditures. Refer to our corrective action plan for additional information.
