We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for North Central Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Jill Kettlewell for assistance.

The AER is available for you to review electronically by visiting the following website <https://bit.ly/38kN6as>, or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-22. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

North Central Academy purchased a new math and reading curriculum for the 2022-2023 school year. After carefully examining the data and collaborating with a variety of stakeholders through surveys, professional development and curricular conversations, it was clear that a large amount of learning was lost during the COVID-19 Pandemic and a change needed to be made. A year was spent researching a variety of curricular options. It was determined that a new curriculum was needed in both reading and math in order to help students close the learning gap and align with the Academy's academic goals and objectives. We continue to strive for high achievement in all areas and will continue to close the gap between school scores and state expectations.

State law requires that we also report additional information.
